

# Community Health Concerns and Strengths

Use this worksheet to compile all the community health concerns and community assets and strengths identified from analyzing the community data, community opinions and community resources and environment. Do not prioritize your list. Guidance on setting priorities is in the next chapter.

Refer to these Summary Sheets to complete this worksheet:

Population Profile

Health Profile

Nutrition & Physical Activity Profile

Community Data

Community Opinion

Community Environment

## **Concerns and Barriers to Eating Well and Being Active:**

## **Strengths, Opportunities, and Assets:**

## **Areas Where You Want More Information:**
